Die evangelische Kirche in Deutschland hat ihre Positionen zu Krieg und Frieden neu veröffentlicht. In dem Denkpapier haben sich grundsätzliche Einstellungen geändert. Sogar der christliche Pazifismus wird infrage gestellt.

**“We have to be very well armed in passing through the Indian territory.** We have our wagons brought up in a circle, then our horses are placed within the circle. We have two men to watch. They are relieved every two hours. **They carry their guns upon their shoulders.** We have less fears from Indians than from white men who employ the Indians to make a stampede among the horses and mules and ponies.”

# INSPIRATION

The Bible is written by inspired men, but it is not God's mode of thought and expression. It is that of humanity. God, as a writer, is not represented. Men will often say such an expression is not like God. But God has not put Himself in words, in logic, in rhetoric, on trial in the Bible. The writers of the Bible were God's penmen, not His pen. Look at the different writers. {1SM 21.1}

It is not the words of the Bible that are inspired, but the men that were inspired. Inspiration acts not on the man's words or his expressions but on the man himself, who, under the influence of the Holy Ghost, is imbued with thoughts. But the words and thoughts receive the impress of the individual mind. The divine mind is diffused. The divine mind and will is combined with the human mind and will; thus the utterances of the man are the word of God.—Manuscript 24, 1886 (written in Europe in 1886). {1SM 21.2}

“The scientist is possessed by the sense of universal causation . . . . His religious feeling takes the form of a rapturous amazement at the harmony of natural law, which reveals an intelligence of such superiority that, compared with it, all the systematic thinking and acting of human beings is an utterly insignificant reflection.”

“The laws of science, as we know them at present, contain many fundamental numbers, like the size of the electric charge of the electron and the ratio of the masses of the proton and the electron. . . . The remarkable fact is that the values of these numbers seem to have been very finely adjusted to make possible the development of life.”

Tasnuat

The image features the word "Tasnuat" in a large, elegant, black cursive font with a white outline. The word is positioned diagonally across the frame. The background consists of an open, antique book with yellowed, textured pages. The pages are filled with dense, handwritten text in a cursive script, likely from a historical manuscript. The lighting is warm and focused, creating soft shadows and highlighting the texture of the paper and the fluidity of the calligraphy.

“As the wheellike complications were under the guidance of the hand beneath the wings of the cherubim, so the complicated play of human events is under divine control. Amidst the strife and tumult of nations He that sitteth above the cherubim still guides the affairs of this earth.”

PK 536.1

“The history of nations speaks to us today. To every nation and to every individual God has assigned a place in His great plan. Today men and nations are being tested by the plummet in the hand of Him who makes no mistake. All are by their own choice deciding their destiny, and God is overruling all for the accomplishment of His purposes.” PK 536.2

“The prophecies which the great I AM has given in His word, uniting link after link in the chain of events, from eternity in the past to eternity in the future, tell us where we are today in the procession of the ages and what may be expected in the time to come. All that prophecy has foretold as coming to pass, until the present time, has been traced on the pages of history, and we may be assured that all which is yet to come will be fulfilled in its order.” PK 536.3
